

ROSEZ

Type : Half dry Rosé

Grapes : Black Frontenac, grey Frontenac

Percentage of alcohol : 11,5%

Serving temperature : 6 to 8 °C

Volume : 750 ml

The wine

Fruity Rosé with aromas of strawberries, cherries, currants and spices. Fresh, balanced and tasty.

Grapes

The Frontenac is one of the most suitable grape varieties for our Quebec climate. It is a fruit with dark blue skin and red flesh.

Elaboration

The fruits are harvested late in the autumn, around mid-October, and then quickly squeezed, without the roundup. Subsequently, the wort gently ferments in stainless steel tank at controlled temperature, to preserve all the finesse and the freshness of the aromas as well as the flavors of the wine.

Goes very well with

Seafood, grilled poultry, pork, pastas, pâtés, ...
