

# SNØ Vidal

Type : Ice wine

Grapes : Vidal and Geisenheim 322

Percentage of alcohol : 10%

Residual sugar : more than 60 g/l

Serving temperature : 4 to 6 °C

Volume : 200 ml

## The wine

Nose : rich aromas revealing apricot, marmalade and lychee perfumes. The palate offers a beautiful richness and a pleasant freshness. The long finale stretches over tropical fruit accents.

## Grapes

Vidal and Geisenheim

## Elaboration

The grapes are harvested around December and January when the temperature is between -10 ° C and -15 ° C. The fruits are pressed frozen, slowly, to extract the very concentrated precious nectar. The must ferments slowly for a few months.

## Goes very well with

Peach cake, cheese cake, foie gras, ...
